BEVORA / HEALTH OPERATIONS

Automated Client Intake Workflow

From initial inquiry to organized records and a timely acknowledgment.

Client actions Automated steps

ILLUSTRATIVE WORKFLOW

Visit the website

Open direct intake link

01

Access intake form

One online form

2

Submit information

Client completes and submits the online intake form.

3

Record intake information

Submission is captured in a centralized intake register.

4

Transfer information

Automated integration sends details to the contact management system.

5

Create contact record

A contact profile is created using the submitted information.

6

Send acknowledgment

The client automatically receives confirmation of receipt.

EXAMPLE CLIENT ACKNOWLEDGMENT

“Thank you for submitting your intake information. Our team has received it and will contact you about the next steps.”

Connects intake submissions, organizes contact information, and automatically acknowledges each submission.

Receipt only; next steps follow.
